

Our service for you:

Datamars-LaundryChips™ ex works

On request, we can equip your textiles with transponders from Datamars directly ex works.

You save work and time!

- We take care of ordering and providing the tags

Major cost advantage!

- Bundled chip dispatch saves costs
- Reduction of customs-related delivery delays when importing into the production countries

Why Datamars?

- Wide distribution worldwide
- Stable and secure technology

Even more service!

For new goods, we read the chip numbers directly in the main warehouse and provide a CSV file together with the delivery note.

This eliminates the work step of scanning new goods for you!

Are you already using transponders other than Datamars transponders in your pool? Feel free to contact us! Together we will find a solution that simplifies your processes!
